FOREWORD

The 25th DOE/NRC Nuclear Air Cleaning Conference was held August 3 - 6, 1998 in Minneapolis, Minnesota. The Conference was sponsored by the International Society of Nuclear Air Treatment Technologies, the Harvard Air Cleaning Laboratory, and the U.S. Nuclear Regulatory Commission. Financial support for the Conference was provided by the International Society of Nuclear Air Treatment Technologies and the Harvard Air Cleaning Laboratory. The U.S. Nuclear Regulatory Commission printed and distributed the Conference Proceedings.

The Conference Chairman would like to extend his sincere thanks to all members of the Program Committee who worked diligently over the past couple of years to put together the program of the 25th Conference and who helped conduct it in an orderly manner. He is very grateful to each of them for their devotion to the Air Cleaning Conferences and for their willing assistance to the Chairman.

The Chairman extends his special thanks to Constance Smith for her able handling of all the business affairs of the Conference and for her careful and timely assembly of the camera-ready master copy of the Proceedings.
